ANNUAL REPORT OF THE MEDICAL OFFICER OF  
HEALTH FOR THE YEAR 1968.  
-----

To the Chairman and Members of the Evesham Rural District  
Council.

Mr. Chairman, Ladies and Gentlemen,

I have much pleasure in presenting the Annual Report of the state of the Public Health in the Rural District of Evesham for the year 1968 and the work carried out by your Health Department.

Statistics.

The statistics for the year are very good and compare very favourably with those for England and Wales as a whole.

There has been an increase of 270 in the Registrar General's estimate of the population, 18,890 in mid 1968 as compared with 18,620 in mid 1967. There were 320 live births and 220 deaths. The infant mortality rate, the neonatal and perinatal mortality rates and the standardised death rate are all below the figures for England and Wales.

Infectious Disease.

As in the previous year, measles (with 99 cases and one death) was the main infectious disease notified, but measles vaccination became available in the summer. Tuberculosis continues to be a comparatively small but persistent problem. There were 32 cases on the Register at the end of the year, compared with 34 at the end of the previous year.

I acknowledge with thanks the assistance I have received from the Chief Public Health Inspector, Mr. D.E. Berry, and his staff, especially Miss E. Shervington, in the compilation of this report, and I should like to thank you, Mr. Chairman, and members of the Council and their officers for continued help and co-operation during the year.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient Servant,

D.E. THOMPSON.

MEDICAL OFFICER OF HEALTH.

Medical Officer of Health's Office,  
Lansdowne,  
Port Street,  
EVESHAM.

Tel. No. Evesham 2941.

This was provided by the County Council. The area organiser for Evesham/Pershire/Upton was Miss Brewer (Evesham 3180).

(i) Ambulance Service.

This was provided, as in previous years, by the County Council.

## SECTION C.

### SANITARY CIRCUMSTANCES OF THE AREA.

#### 1. SANITARY INSPECTION OF THE AREA.

A summary of inspections carried out by the Public Health Department is given with the statistics at the end of the Report.

#### 2. WATER SUPPLY.

6,896 houses out of a total of 6,992 are supplied with mains water.

Routine samples from the various sources of supply show uniformly satisfactory results.

The table on page 15 gives details of sources of supply.

All public supplies are now taken from sources controlled and owned by East Worcestershire Waterworks Company.

There is no plumb-solvency in the district.
